

RAMI ALI ASSAAD

Monitoring, Evaluation, Accountability & Learning Specialist

Saida, South Lebanon ☎ +961 71 648 926 ✉ ramiassad009@gmail.com

PROFESSIONAL SUMMARY

- Master's degree in Program Evaluation and Data Analytics from Arizona State University.
- Civil and Environmental Engineer graduated from Beirut Arab University.
- Six+ years of progressive MEAL experience across humanitarian and development programs in Lebanon, including MEAL policy development, grievance mechanisms, and donor-facing frameworks (World Bank, and other institutional donors).
- Skilled in team management, overseeing data collectors, and coordinating data collection efforts.
- Data analyst experienced in managing and evaluating project data to support evidence-based decisions.

EDUCATION

Dates	Degree	Institution	GPA
Jan. 2021 – Dec. 2022	M.S. in Program Evaluation and Data Analytics	Arizona State University	3.79
Sept. 2014 – June 2019	B.S. in Civil & Environmental Engineering	Beirut Arab University	3.24
Sept. 2012 – July 2014	Lebanese Official Baccalaureate in Life Science	Beit Jala Secondary School	N/A

PROFESSIONAL EXPERIENCE

Senior MEAL Officer | *International Rescue Committee (IRC)*

March 2023 – Present

- Lead all Monitoring and Evaluation activities for implementing partners under the World Bank project, ensuring data quality and compliance with project objectives.
- Conduct MEAL Capacity Assessments for partners and develop tailored support and capacity-building plans based on identified needs.
- Analyze project data to generate insights that inform programmatic decisions, and oversee data management systems to ensure accuracy, consistency, and timely reporting.
- Design and establish partners' grievance and feedback mechanisms in line with accountability standards and donor requirements.
- Provide technical support in developing partners' logframes, indicators, means of verification, and targets aligned with the World Bank results framework.

MEAL Consultant — YEED Project (*Consultancy*) | *Mentor Arabia*

July 2026 – Present

- Provide technical leadership in the design, refinement, and periodic review of the YEED MEAL framework in line with donor requirements.
- Develop and validate results frameworks, indicators, data collection tools, and performance monitoring plans.
- Establish and periodically review data management systems and databases to ensure data integrity and usability.
- Conduct periodic data quality assessments (DQAs) and verification exercises.
- Analyze program data to generate strategic insights and recommendations, and provide technical input into donor reports, evaluations, and key learning products.
- Support development of dashboards and visualization products for program oversight, and strengthen beneficiary feedback and complaint response mechanisms (FCRM).
- Lead or technically support baseline, midline, endline, and special studies

MEAL Consultant (*Consultancy*) | *IDRAAC*

July 2026 – August 2026

- Reviewed and updated the organization's MEAL policy and guidelines to strengthen consistency and donor compliance.
- Updated the grievance mechanism and investigation process to reinforce accountability and beneficiary protection standards.
- Designed and delivered a staff training on the revised MEAL policy, guidelines, and grievance/investigation procedures.

MEAL Officer | *Action Against Hunger (ACF)*

September 2021 – March 2023

- Managed casual workers, setting workplans and identifying resource needs.
- Collected, analyzed, and presented quantitative and qualitative data through written reports and dashboards.
- Verified data accuracy via Quality Assurance protocols and cross-checking with other data sources.
- Provided regular oral reporting, debriefing, and feedback to the MEAL Coordinator.
- Informed beneficiaries about their rights, project objectives, and ACF's feedback and complaints mechanisms.
- Coded and uploaded assessments to the ACF Kobo server.

Senior MEAL Officer | *Jafra Foundation for Relief and Youth Development*

July 2021 – September 2021

- Supported the development of M&E plans, indicator matrices, and clear data collection plans.
- Led all field data collection exercises, and planned and implemented Baseline/Endline activities.
- Produced analytical qualitative and quantitative reports.
- Conducted data analysis and disseminated findings internally/externally to the program manager and leading partners.

MEAL Assistant | *Medair — Emergency Response Project*

October 2020 – December 2020

- Supported the MEAL Officer to develop M&E plans in compliance with donor and Medair standards and guidelines.
- Supported design of methodologies, tools, and surveys for post-distribution monitoring (PDM) and other monitoring activities.
- Carried out data collection, analysis, and reporting for PDMs and other monitoring activities; assisted and monitored casual labor to ensure data quality.
- Conducted regular monitoring visits to project sites and provided detailed monitoring reports.

Monitoring & Evaluation Officer | *Al Moasat (Social Relief & Welfare Association)* May 2020 – September 2020

- Developed and refined quantitative and qualitative data collection instruments, and maintained a results database, logical framework, performance tracking, indicators, and M&E manuals.
- Supported the field team in collecting and entering participant data through registration databases and surveys.
- Served as the primary point person for all monitoring and evaluation related work.

Project Assistant | *Cesvi Foundation Onlus*

August 2019 – April 2020

- Provided administrative, logistical, and operational support for the Micro, Small and Medium Enterprises Support project, including monitoring and reporting on project plans.
- Conducted field visits to ensure correct project implementation, and followed up on procurement procedures and beneficiary progress.

Data Collector | *Cesvi Foundation Onlus*

May 2019 – August 2019

- Administered vulnerability questionnaires using ODK/Kobo Collect and entered data into the Beneficiaries Tracking Tool.
- Participated in assessments and data-gathering exercises, coordinating closely with the Cesvi team.
